Hello! I am a student at Portland Fashion Institute and will finish schooling in May. I am pursing a degree in Technical Apparel Design. I have a strong interest in pattern making, product development and technical packages. I'm looking forward to joining a team and contributing to a company's creative process!

Industry Skills:

- Overseas Production
- Sustainability + Fashion Technology
- Color Theory
- Trend Forecasting
- Contracting for Apparel
- Textiles
- Concept & Development
- Visual Merchandising

Technical Skills:

- Adobe Illustrator
- Adobe Photoshop
- Fashion Illustration
- Industrial Machine Sewing
- Apparel Construction
- Flats & Technical Packages
- Activewear
- Pattern Making
- Digital Illustration
- Computer Print Design
- Graphic Design
- Machine Knitting
- Draping

Experience:

- Many years of experience working with the public and ensuring customer satisfaction
- Communicates well with team and works together to problem solve
- Very self sufficient and works to complete tasks within given time frame
- Maintains organization and cleanliness of work environments

Education:

Currently a full time student at Portland Fashion Institute pursuing a double degree as both an apparel designer as well a a technical designer. Expected graduation date of May 3rd, 2023
